Text of RTI First Appeal :	<p>While I am grateful to the CPIO for responding to my request for information within the period prescribed under the RTI Act 2005, the inadequate and improper handling of my request aggrieves me. Please take note of the following grounds (query wise as per my request) for my being aggrieved and therefore this appeal -</p> <p>1. I had sought information on - Approval/consent granted by IFCI Limited to Management Development Institute for making the amendments in the MEMORANDUM OF ASSOCIATION AND RULES to which the CPIO has responded - No approval / consent, as sought, is existing in the records. IFCI Ltd. has only given ratification of Amended Memorandum of Association & Rules of Management Development Institute Society 2021. Legally, technically and otherwise, ratification means post facto approval or consent to an action that has already been performed. The CPIO ought to have provided to me complete details and a certified copy of what was ratified and a certified copy of the so-called ratification by IFCI Ltd., which was carried-out/granted/communicated to MDI.</p> <p>2. I had sought information on - Effective date from which Management Development Institute, now renamed as Management Development Institute Society, after the amendments, has ceased or would cease to be an Associate of IFCI Limited, to which the CPIO has responded - No such information is available in the records of the department. I had not requested information from any specific department of IFCI Ltd, but from IFCI Ltd itself. The CPIO is ambiguous in so far as confirming whether the information is available in the records of IFCI Ltd as a whole or not, irrespective of which department holds such information.</p>		

3. I had sought information on - Effective date from which Management Development Institute Society, has become or would become an autonomous society under the Ministry of Finance, Government of India to which the CPIO has replied that - Since the query does not pertain to IFCI Ltd., you may approach the concerned Ministry directly. There are two problems with this reply - first, so long as Management Development Institute is an Associate of IFCI Limited, any change in its control pertains to IFCI Ltd. Secondly, as per Section 6(3) of the RTI Act, where an application is made to a public authority but the subject matter of the RTI application pertains to another public authority, the CPIO of the public authority receiving the RTI application has to transfer the same to the public authority concerned. The CPIO ought to have transferred the application or such part of it as may be appropriate to that other public authority and informed me (the applicant) immediately about such transfer, which the CPIO has failed to do.

I request redressal of my grievances as have been enumerated above.
