Text of RTI First Appeal (आरटीआई प्रथम अपील का पाठ) :	<p>FOUNDATIONS OF APPEAL</p> <ol style="list-style-type: none"> 1. Because the reply to question no. 2 is itself contradictory in nature with respect point no. 1 of the RTI query. 2. Because the period of information is two year shorter for question No. 2 as compared to question no. 1, therefore it cannot be cumbersome. 3. Because in both the questions, the rates have been asked. <p>When rates for PF are available, rates for interest on House Building advance are also available since in both the cases IFCI issues a circular, if there is a change in the applicable rates.</p> <ol style="list-style-type: none"> 4. Because no calculation is involved in providing the information, so the contention of CPIO in denying the information is not tenable and is bad in the eyes of Law. 5. Because the Intention of the CPIO does not appear to honest in denying the information since the information on rates of interest on HBA is very much required to calculate the interest Charged by IFCI from 1995 to 2018 from the applicant. 6. Because IFCI has charged the interest on HBA while making the payment to applicant for a period ranging from 1995 to 2018 only in 2018, the CPIO is not justified in denying the information.
