Sl.	Vendor Name	RFP Ref	Query Description	Response from IFCI
1	Team Computer Pvt. Ltd. (OEM: Konika Minolta)	Annexure 14: Software/Solution Specifications	User Authentication: Offline Authentication, the client will be going to use AD authentication at software level on in their HO. For RO they will use ID& Print functionality on their MFP.	Agreed Print Server will only be installed at HO. If required provision for pulling the data from MFP be provided.
			Scan Management: Scan to PDF with searchable text and PDF/A feature should be added in Technical specification of Mono/Color MFP.	Agreed
			Scan Management: Scan to PDF with searchable text and PDF/A feature should be added in Technical specification of Mono/Color MFP.	Agreed
			Reporting: As the client they are going to use solution only at their HO with 1 color (25ppm) and 9 mono MFP of 25 ppm. So the software will provide the reports only for these 10 devices for rest of the 5 RO devices they will have to pull the report from the MFP. If they require centralized reports of HO + RO, then the client need to provide the print server at their RO offices and they will get the reports of the print volume only not for copy volume.	Agreed

Sl.	Vendor Name	RFP Ref	Query Description	Response from IFCI
2	Gurusons Communications Pvt. Ltd. (OEM: Canon)	Annexure 14: Software/Solution Specifications	Scan to PDF with Searchable Text change to optional as it's available with standard with one OEM only.	Not Accepted. The feature is useful for IFCI and the same feature is required during scanning.
			Fast and easy customized report creation with Charts & Tables. Request to change customized to optional, as every OEM has standard template. Already shared in POC. Customization is available at extra cost.	Not Accepted. Some customization will be required, the number of reports where customization will be required are very few. <u>The Minimum requirement for generating report from the Print Server/ MFP are as:</u> a. Report to be generated for a given period e.g. between two dates b. Report to be generated preferably in excel format c. The summary Report should show minimum of the following details: I. Name of the Employee II. Employee Code III. Number of Pages Printed IV. Type of paper A3/A4 etc. V. Black/Color VI. Photocopy/Print – Optional d. The Detailed Report should contain the following details: I. Name of the employee II. Employee Code III. Time of Printing IV. Machine identification V. Number of Pages printed VI. Type of paper A3/A4 etc. VII. Black/Color VIII. Photocopy/Print – Optional

All other terms and conditions of the RFP issued on June 25, 2018 will remain unchanged.
